

As yet another school year comes to a conclusion, we wanted to take a moment to wish our staff, students, and their families our best wishes for a restful and restorative summer break.

Looking back at the 2017-18 year, we have plenty of reasons to feel an incredible sense of satisfaction about everything we have accomplished together. Our students continue to achieve at higher than average levels, and our extremely dedicated staff are always finding innovative new ways to guide them to the pathways where they can find their true purpose in a meaningful, faith-filled Catholic environment. To achieve these heights requires a great deal of devotion on the part of our entire system, and for your devotion, we are eternally grateful.

For all of these reasons and more, we should enjoy this summer as a rare opportunity for rejuvenation, reflection, and to redirect our attention to those welcome distractions that restore our minds and spirits.

So whether you are travelling or relaxing in your backyard, catching up on some reading or pursuing a new hobby, we would like to wish you a safe, fun, happy, and restful summer.

May God continue to bless you and your families.
