Supervisor's Workplace Violence Investigation Report

A. PREAMBLE:

As an advocate for Catholic education, the Windsor-Essex Catholic District School Board is committed to the promotion of the values of respect, dignity and fairness for all. The Board believes that in adhering to these values there can be no tolerance of violence in the work or learning environment.

The Windsor-Essex Catholic District School Board is committed to providing a safe, healthy and violence free workplace. It is intended that this program will fulfill the objective of Board Policy H: 19 Violence Prevention in the Workplace (Appendix A) in implementing effective measures to prevent and deal with violence in the workplace.

The purpose of the program is to educate staff, students and community members to understand and identify workplace violence and their role in its prevention and corrective actions.

The Windsor-Essex Catholic District School Board expects that any incidents of or threats of workplace violence will be dealt with promptly by all parties concerned. The Board expects that all incidents or threats of workplace violence will be investigated in a fair, consistent, thorough, and confidential manner.

Nothing in the procedures detailed within this program denies or limits access to other avenues of redress available under the law or the filing of a grievance. In such a case, the program's processes and the procedures shall cease until the parties and their respective representatives have met with the Superintendent of Schools/Human Resource Services to determine whether a formal investigation will proceed or whether the complainant wishes to proceed under another avenue. Multiple processes shall not be permitted to proceed concurrently, although informal dispute resolution attempts shall be permitted at any time with the agreement of the Board and the parties.

B. DEFINING AND IDENTIFYING WORKPLACE VIOLENCE:

Summoning Immediate Assistance

Supervisors will ensure measures are in place to allow workers to summon immediate assistance. In determining the effectiveness of various devices/means of communication, the supervisor will consider the employee's location (onsite or offsite) and the time of day (working during or outside of regular hours).

Reporting

All those who are included under section 3.3 of the Board Policy H: 19 Violence Prevention in the Workplace have access to the complaint procedures.

Any staff member of the Windsor-Essex Catholic District School Board who believes that he or she is threatened or who experiences or witnesses any workplace violence as defined in the Violence Prevention in the Workplace Policy must promptly report it using the Concern Report Form (Appendix B).

All employees should refer to the Special Education Procedures and Guidelines Handbook when reporting incidents of student behaviour involving students with special needs.

When threatening or violent behaviour occurs on Windsor-Essex Catholic District School Board property, on a school bus, or at a Board sponsored event, the employee, student, parent/guardian, volunteer or visitor shall report incidents immediately using the following procedure:

1. All staff is responsible for reporting threats or violence to their Principal or supervisor. If the employee's direct supervisor is involved in the act, the employee shall contact the Superintendent of Human Resources. In all cases, the Concern Report Form shall be completed.

4. All attempts will be made to maintain confidentiality, and the provisions of the Municipal Freedom of Information and Protection of Privacy Act will be followed as required.
5. Anyone engaged in threatening or violent behaviour may be removed from Board property as quickly as safety permits. They may be banned from access to Board property pending the outcome of an investigation.
6. With respect to violence committed by a student the provisions of Policy ST: 05 Student Discipline shall apply.

Misuse of the Reporting Procedures

If there is a determination on a balance of probabilities that a complaint has been filed in bad faith, the complaint process may discontinue and disciplinary action may occur.

Reprisals

Reprisals against individuals because they have reported a complaint are strictly forbidden. Alleged reprisals shall be investigated as formal complaints and, if substantiated, are subject to the same consequences as complaints of harassment.

Records

All correspondence and other documents generated under these procedures must be stored in a locked and secure file in the Human Resources department.

G. THRESHOLD ASSESSMENT:

All reports filed under the Workplace Violence Policy will be subject to an immediate threshold assessment to determine whether the alleged conduct would, if proven, meet the definition of workplace violence.

If the Board, following this threshold assessment, determines that the report filed:

- would not, if true, meet the definition of workplace violence;
- does not provide sufficient details of the alleged incident or threat of workplace violence, provided the complainant is given notice that insufficient details have been provided and given reasonable time to provide sufficient details; or
- is vexatious, frivolous or trivial, has not been made in good faith or would, if investigated, constitute an abuse of the Workplace Violence Policy,

the complainant shall be so advised and no further action shall be taken under the Workplace Violence Policy.

H. INCIDENT INVESTIGATION PROCEDURE:

Conducting an internal investigation complaint or incident must be done with a high degree of sensitivity, and will often need to take into account the rights of not only the accuser but also the accused. In a school board setting the accused could be a student, employer, visitor, parent or outside community member. A comprehensive investigation needs to be performed to ensure compliance with applicable legislation and to withstand scrutiny of the courts, arbitrators and/or other administrative tribunals. The investigation needs to be fair and unbiased.

The goal of incident investigation is to determine any unsafe practices or conditions that may have led or may lead to the incident of violence in order to eliminate the cause, or to institute appropriate precautionary measures to prevent similar occurrences.

The Occupational Health and Safety Act and the Workplace Safety and Insurance Act place the primary responsibility on Employers and Supervisors for workplace accident prevention.

This can be accomplished by:

- An investigation of each individual incident to establish causes and factors involved;
- Analysis of any identified causes;
- Recommendations for corrective action, based upon the investigation findings and analysis of the causal factors;

- Implementation of corrective measures.
- a) When an incident is reported to a Principal or Supervisor or the Principal/Supervisor otherwise becomes aware of the incident, the Principal or Supervisor shall inform the Superintendent of Human Resources and the Director of Education.
- b) The Principal or Supervisor is responsible for conducting an incident investigation. The investigation will include all circumstances surrounding the incident, and interviews of the injured party and witnesses. The investigation should take place as soon as possible after the occurrence. The Principal or Supervisor shall continue to monitor the situation. The Principal or Supervisor shall consult with Senior Administration with respect to recommendations, procedures, and corrective measures, including disciplinary action. The Supervisor's Workplace Violence Prevention Investigation Report (Appendix C) shall be forwarded to the Superintendent of Human Resources.
- c) Based on the investigation, the Superintendent of Human Resources shall take appropriate action as he/she deems appropriate including disciplinary action.
- d) Incidents where an injury has occurred to an employee must be reported pursuant to Board Policy H: 10 Employees Injuries/Illness.

I. RESOLUTION PROCESS FOR INCIDENTS OF THREATENING AND VIOLENT BEHAVIOUR:

At all times employees, students, parents/guardians, volunteers, are empowered to:

- Inform the other individual (s) involved in an incident that the violent behaviour is unwelcome and to stop;
- Document the incident of violent behaviour;
- Seek assistance from a Principal or Supervisor;
- Speak to a Principal or Supervisor if you think that a co-worker is experiencing violent behaviour.

It is understood that an essential element of conflict resolution is confidentiality. It is an expectation of this process that all parties involved will only communicate the details of any issue to persons with a need to know for purposes of resolving the matter.

Any information/records regarding this process will be maintained in the Human Resources Department and will be confidential.

It is understood that all employees, parents/guardians, students, volunteers, and contract workers have a responsibility to promote a safe and healthy workplace, and as such are expected to participate in any investigation under this Policy or Program.

Because of the sensitive nature of issues reported, the Board may determine that employees involved as respondents may need to be removed from the workplace during the investigation of a complaint. Employees may be suspended from work pending investigation.

Each employee has the right and is encouraged to contact his/her Union/Federation for assistance and advice throughout this process. Non-unionized employees are encouraged to consult with the Manager of Human Resources or the Superintendent of Schools/Human Resource Services.

The Resolution Process does not preclude the Board's right to take appropriate disciplinary action depending on the details of the incident. The resolution process involves the following:

1. **Level I Employee Has a Troubling Situation Not Within the Definition of Violence**

When two individuals are involved in a conflict situation that is not defined as "workplace violence" for the purposes of this policy, the individuals may discuss the issue and come to a mutual resolution. This will not be recorded and tracked.

If one of the individuals is uncomfortable with confronting the other party, he/she may seek support from the Principal or Supervisor or Human Resources Representative to assist with the resolution of the issue.

2. **Level II Employee Files a Concern Report Form**

If the incident involves threatening or violent behaviour, or the parties are unable to resolve the issue with one another through conflict resolution, or the situation warrants a more formal approach, either party can initiate the process by filing a Concern Report Form with the Principal or Supervisor. Once the form is filed the Supervisor must meet with the two individuals involved within three working days and attempt to come to a satisfactory resolution for all parties. If a resolution is attained, it will be recorded on the Concern Report Form and signed by all parties. The Concern Report Form will then be forwarded to Human Resources for recording and tracking.

3. **Level III Alternative Dispute Resolution**

If no satisfactory resolution is attained at level II, the issue will be forwarded to Human Resources. The intent is to bring the parties together as quickly as possible, and the issue will be addressed and treated as an urgent matter. Once the issue is forwarded to Human Resources, initial contact will be made with both parties within three working days. Any process agreed to at this level will be scheduled as quickly as possible, and must be scheduled within one week of the parties being contacted by Human Resources, unless agreed to by the parties. Recommendations at this stage are voluntary for the parties and if either party is not agreeable, the matter will be forwarded to Level IV. Any terms of resolution attained at Level III will be agreed by the parties and signed off. The resolution of the issue will be recorded and tracked on the Concern Report Form.

4. Level IV Formal Investigation

The Concern Report Form shall be filed with the Director of Education/Designate along with a request for a meeting. Within ten (10) working days of receiving this request, the Director/Designate shall convene a meeting with the individuals who may be accompanied by associates. The Director/Designate shall hear representation from both sides of the issue and may request a fact-finding report from the appropriate Superintendent. The Director/Designate's decision shall be communicated to both parties within ten (10) working days of the meeting. Disciplinary action, up to an including termination of employment, may be taken in accordance with the Board's procedures regarding discipline for employees.

J. CONFIDENTIALITY:

It is the duty of the principal/supervisor to maintain confidentiality in the reporting, investigative and resolution process. All complainants, respondents and other persons involved with the processes under these procedures will ensure that all matters remain confidential. Witnesses should be informed that supervisory and managerial personnel, in obtaining a statement, will maintain such statement in strict confidence, subject to their ability to conduct a full and thorough investigation.

Notwithstanding the above, procedural fairness requires that the respondent to a complaint be apprised of the nature of the complaint, including specifics of the allegation, including times, dates and alleged conduct. This may require the disclosure of witness names and statements to the parties.

The Board may be required to provide information obtained during an investigation to an outside agency, such as police services, the Ministry of Labour, court or tribunal, that has the right to require information otherwise protected by the *Municipal Freedom of Information and Protection of Privacy Act*.

K. WORKPLACE VIOLENCE PREVENTION COMMUNICATIONS PLAN:

In addition to staff training, the following will be used to educate and raise awareness:

A copy of the handbook is kept in the main office of each school as a reference tool for Educational Assistants employed by the Board on an occasional basis as well as for any employee dealing with the behaviour of a student with special needs.
