

St. Mary French Immersion Catholic Elementary School

Our Mission

It is our objective to create a positive, nurturing and safe learning environment together with students, staff, parents, parish and the entire school community. As a Catholic school, students are taught the basic beliefs of our Catholic Faith and how to live in a truly Christian community. We are a French Immersion School that promotes French language and culture, which motivates and challenges all students to reach their maximum potential.

WE'RE WITH YOU ALL THE WAY!

Our Faith

One of the things that makes Catholic education truly unique is that we integrate Catholic beliefs and values into the curriculum. We have an outstanding working relationship with our parish staff in preparing the children for the sacraments and other related activities that reinforce what our Catholic school community is all about.

What Makes our School So Special

Our students receive a unique French Immersion educational experience here at St. Mary's that is steeped in community involvement, helping those in need. We are involved in numerous charitable organizations and are known by the community as the little school with the big heart. The school and parish are next-door neighbours and are the heart and soul of our rural community. St. Mary School prides itself as being known for its "family" atmosphere where all staff Know, Inspire and Empower each and every student every day!

Before & After School Programs

St. Mary recognizes that school based before and after childcare is both required and valued by many families in our Catholic school community. We have partnered with Once Upon a Time Child Care Centre to offer our families quality, on-site, licensed before and after school care. Before and after school programs are available for school aged children, from 4 to 12 years of age.

Secondary Education

Students start their education at St. Mary Elementary School and continue their Catholic education at our local high school where they will further their journey to fulfill the Ontario Catholic Graduate Expectations.
